CALM-Brain: Data Use Terms

CALM-Brain is distributed to the greater scientific community under the following terms:

1. You will not attempt to establish the identity of or to make contact with any of the included human participants.This includes but is not limited to, facial recognition and 3D facial rendering.

2. You will acknowledge the use of CALM-Brain data and data derived from CALM-Brain data when publicly presenting any results or algorithms that benefitted from their use. Papers, book chapters, books, posters, oral presentations, and all other printed and digital presentations of results derived from CALM-Brain data should contain the following:

- Acknowledgments: "Data was provided [in part] by CALM-Brain [insert appropriate release version]"

- Citation: Until a journal article is available for the data resource, please cite the below reference.

    Viswanath, B., Rao, N.P., Narayanaswamy, J.C. et al. Discovery biology of neuropsychiatric syndromes (DBNS): a center for integrating clinical medicine and basic science. BMC Psychiatry 18, 106 (2018). doi: https://doi.org/10.1186/s12888-018-1674-2.

3. You agree to provide the Center for Brain and Mind with information on your use of CALM-Brain data upon request.

4. Failure to abide by these data use terms may result in termination of your right to access and use CALM-Brain data.
